

CPPD Safety Demonstrations Presented at Kids Fair and Red Line Equipment Safety Day

Jeff Wardyn exhibits what would happen if a power line landed on your car with radial tires.

Emma and baby Erin Taylor watch the high voltage demo with their dad Jess at the Red Line Equipment Safety Day.

Jeff Wardyn demonstrates with a hot dog what would happen if you were electrocuted by the wires going into your house.

Dave Linn and Jeff Wardyn explain to Jenna Parliament how (GFI) ground fault interrupters work.

Pictured from the left, Sydney Haffener, Frazier Kaelin, Court Kaelin, Cade Haffener and Jana Kaelin were impressed by Custer Public Power Districts demonstration.

MyKael Stoddard (pictured above) told his mom Kim Stoddard (pictured above) that the high voltage demo presented by Jeff Wardyn (pictured above) was his favorite event at the Kids Fair, and has talked about it for weeks.
